ACTORS PART IN PRESIDENTIAL RACE IS AIRED ELECTRIC MEN FROM FOUR STATES TO MEET IN MEXIA MOTOR CARAVAN TUESDAY ONE OF OUTSTANDING SUCCESS

C.P.&L. OFFICIALS MEET THURSDAY FOR ANNUAL GATHERING

Mexia will be the scene of a meeting Thursday of the Community Power & Light Company men from four states, Texas, Arkansas, Kansas and Missouri, states D. S. Caldwell, General Manager for the concern. Headquarters for the Texas properties are located in Mexia. An invitation to hold the 1924 meeting in Texas was extended by Colonel George H. Carter of Marlin and D. S. Caldwell of Mexia at the 1923 meeting held in Arkansas. This invitation has been accepted.

Primarily a manager's meeting, the city will be favored by the presence of several high officials of the company.

Inspection of the local properties has been arranged for Wednesday morning at Marlin, while the afternoon will be devoted to shop-talk on matters of interest to the company's representatives.

The party will leave Marlin Thursday morning for Mexia, where they will spend the morning inspecting properties in that city.

Those who will attend the meeting are as follows:

Wiley F. Corl, President.
Paul D. Taylor, Secretary.
L. F. Payne, Electrical Engineer.
H. B. Treichel, Plant Engineer.
All of the St. Louis headquarters.
L. Skudder, Whitaker & Company, St. Louis.
John Dietz, Liberty-Central Trust Company, St. Louis.
Mr. Anderson, Ross & Company, Inc., Chicago.
F. M. Stone, General Manager of the Kansas properties.
L. E. Conger.
D. D. Diver.
H. C. Miller, District Manager of Kansas.
J. S. M. Wharton, General Manager of the Arkansas Properties.
W. D. Schoville, District Manager.
F. T. Porter, General Manager of the Missouri Properties.
C. E. Brenlon.
H. D. Newman.
A. F. Hall.
H. E. Sanders.
E. F. Cleveland, District Manager of Missouri.
D. S. Caldwell, General Manager of the Texas Properties.
J. B. French, District Manager.
S. D. Williford, Local Manager, Mart.
George E. Lewis, Local Manager, Rosebud.
W. F. Morrison, Local Manager, Teague.
E. F. Haverfield, Securities Department, St. Louis.

Last of Fighters In China Quelled

(By United Press)
OSAKA, Japan, Oct. 22.—A Chinese army, which still is fighting in the North despite the coup d'état at Peking, was decisively defeated by Manchurians who captured Lanchow today, according to Mukden dispatches.

Tuan Chi Jui, leader of the Anfu club and elected generalissimo of the military forces holding Peking, has entered the capital after accepting General Wu Pei Fu's desire for a peaceful solution of the conflict, according to Tien Tsin advices.

ROTARY MEETS THURSDAY.

The Mexia Rotary club will hold its regular weekly luncheon at the Topic Cafe at noon Thursday. Every member is urged to be present and visiting Rotarians are cordially welcome.

Truman Gregg of Corsicana was a Mexia visitor the first of the week.

North Belknap Is Needing Attention Before November 8

The stretch of street on North Belknap, between East Commerce and the Tehuacana and Coolidge road, should be repaired before November 8. When the thousands of visitors for the day come in from that direction, many of them for the first time in years, they should find the entrance indicating a welcome as well as the words of the business men whom they meet within the city limits. Something should be done now by all means.

BUTTE TO COME TO MEXIA FROM NEIGHBOR TOWN

P. Mayer of Corsicana writes to Isadore Newman of this city, calling attention to certain particulars of the Butte speaking date here next Monday at 2:00 p. m.

Mr. Mayer says that "Dr. Butte will arrive in Corsicana via the Interurban and I will motor with him to your city in the event it does not rain. Of course, if it should be rainy, Dr. Butte will arrive in Mexia on train 16 (reaching here at 11:45) and will speak there and return to Corsicana on train 15, for his night engagement in this city. I trust the weather will be favorable and that we will be permitted to motor to Mexia, as I am sure a large delegation from Corsicana, Richland and Wortham will join us along the line."

FOURTH VICTIM OF PECULIAR GAS NOTED TODAY

(By United Press)
NEW YORK, Oct. 22.—William Kresge died in a straight jacket at the reconstruction hospital this morning, bringing the list of "loony gas" victims in the Bayway plant of the Standard Oil Company to four. Seventeen other persons in the hospital are suffering from the effects of the mysterious gas. The plant is closed pending investigation, now under way.

Democrats Are Out Of Fund Probe As Campaign Concludes

(By United Press)
WASHINGTON, Oct. 22.—From now until the hearings close on Friday the Senate investigation of campaign funds bids fair to become a battle between counsel for Senator LaFollette and the Republican National Committee.

Since advent of Weymouth Kirkland, attorney for the Republican organization, it has become more and more evident that Frank P. Walsh, attorney for LaFollette and the victor in scores of legal fights, is not going to be permitted to "run away" with the inquiry.

Those who have watched the course of the inquiry since Kirkland entered the list lost interest in the testimony to observe the battle of wits in progress between Walsh and Kirkland.

ONE KILLED BY AUTO.

(By United Press)
A person was killed and three others were injured when their automobile plunged over a twenty-foot embankment near here during the night. Winford Wheatley, 20, driver, was crushed to death under the steering wheel.

PRACTICALLY ALL FIRMS IN LINE ON TUESDAY'S LONG TRAIL

The booster caravan headed by Hardy Eubanks, President of the Mexia Chamber of Commerce and T. B. Haines, official pathfinder of the boosters and secretary of the M. R. M. A. started in front of the Hurdleston hotel at 8:30 o'clock Tuesday morning for the most successful trades tour ever attempted by the wide awake merchants of this city.

There were about 63 cars in the long line, representing practically every firm in the city and many individual boosters to help put over this undertaking. Near the front of the parade was the band truck containing the trick band, which looked as if all the clowns had been borrowed from the circus for the occasion, the band did wonderful work and made a hit in every town visited. Closely behind the band came two Studebaker cars containing the Boy Scouts in official uniform, three scouts were secured from each of the schools to accompany the caravan. Then came the long line of cars representing the business and individuals of the city; the decorations and posters were superb, showing that much time and thought had been spent in advertising Mexia to the best advantage to our neighbors in the surrounding territory.

The long line of cars circled through the business district of Mexia and then out Commerce street, Ross avenue and the Teague pike. A good steady gait was maintained by the leaders at all times and only one or two cars were forced to drop out of line on account of tire or engine trouble. The Mexia Battery and Tire Company had a "trouble" car in the line for any emergency that might occur.

Upon arriving at Teague a short circuit was made of the residential district and the booming little city was entered from the North with a loud response from the horns and band. As soon as the cars came to a standstill the town immediately became a beehive of excitement, large crowds gathered around the band which played in the middle of the main street. After a piece or two from the musicians, L. S. Patterson mounted the tonneau of an automobile and gave a short talk about the purpose of the trip and

(Continued on Page 8)

Government Moves To Speed Up Case

(By United Press)
LOS ANGELES, Oct. 22.—Government attorneys moved today to speed up the suit under way to break the Elk Hills naval reserve leases held by E. L. Doherty's Pan-American Petroleum Company. Only six more witnesses will be called by the prosecution, according to government prosecutors, and it is expected that all of the government's evidence will be submitted this week.

COTTON CROP NEARLY ALL GATHERED NOW

The 1924 cotton crop is almost a thing of the past at present. Final bales are being brought in from many fields, however, cotton will come in slowly for several weeks yet. The crop in the County will exceed 45,000 bales this year against around 43,000 in 1923.

Allen Hatch and Fred Karner are chaperoning Mrs. Hatch and Miss Frederika Karner to Waco to take in the sights at the Cotton Palace for a day.

Philanthropist Leaves Sum For Work With Youth

(By United Press)
KANSAS CITY, Mo., Oct. 22.—Paul A. Ewart, millionaire philanthropist and friend of boys and girls, has provided in his will for a continuance of the work he carried on in life. Ewart died here Oct. 20.

Included in the list of beneficiaries is the First Presbyterian Church of Miami, Ok., which was given \$5,000.

PLEA IS MADE TO EXTEND RAILWAY TO PORT ARTHUR

H. Y. Taylor, traffic chief of the Port Arthur Chamber of Commerce, is in Houston to confer with Colonel R. C. Duff, President of the Waco, Mexia, Beaumont Trinity and Sabine Railway, on the arguments to be presented before the interstate commerce commission for extension of the road to Port Arthur. The hearing is set for November 24. The desire of the road is to extend its line all the way to Port Arthur instead of merely to Port Neches, as was previously intended, is being supported by the Port Arthur Chamber of Commerce and opposed by the Kansas City Southern, extending to Port Arthur.

Arrangements Are Made For Burial Of Big Banner

(By United Press)
CHICAGO, Oct. 22.—Funeral arrangements will be made late today for James B. Forgan, 72 years old, dean of American bankers, who died last evening after several days' illness. Death was due to ulcers of the stomach.

Forgan was chairman of the board of the First National Bank and of the First Trust & Savings Bank.

Oklahoma Modifies H. and M. Embargo

FOR WORTH, Oct. 22.—Hoof and mouth disease restrictions upon livestock shipments from Fort Worth and San Antonio into Oklahoma have been lifted, according to a telegram received here by A. G. Donovan, manager of the local Stockyards Company from J. A. Whitehurst, president of the Oklahoma Board of Agriculture.

IT'S A BOY.

Born to Mr. and Mrs. W. A. Reiter, Wednesday morning, a fine baby boy. Congratulations.

All days long, day after day, for thirty-six years, Tom Tutbill worked in a London (England) match factory, striking matches to test their quality. He scratched all his matches by hand and passed judgment upon the quality of each consignment from the workrooms.

CENTRAL PRESBYTERIAN CHURCH TO BE SCENE OF "FAITH, FOOD AND FUN" AS CHILDREN GATHER OR HALLOWE'EEN

Faith, Food, and Fun night will be observed at the Central Presbyterian Church this evening. Supper will be served 6 o'clock. At seven fifteen the children will be entertained at a Halloween party. All children invited to come and eat supper and stay for their Bible hour and the social. For the young people and the adults a talk on Loyalty will be given by Rev. John E. Aubrey, of Denison, Texas. At eight fifteen the young people's choral club will hold their meeting. It is the plan of the Central Presbyterians to make Wednesday evenings during the Fall season prominent for social features, church plans, Bible and Mission study. An effort will be made to enlist every member of the church for attendance upon these meetings and assign them a specific task and also bring neighbors, friends, and strangers together.

BOTH PARTIES IN TEXAS CERTAIN OF VICTORY TUESDAY

(By United Press)
DALLAS, Texas, Oct. 22.—Sure preme confidence that victory was just around the corner emanated from both political camps today as the state gubernatorial campaign entered its last week to determine whether Texas is to have the first woman governor in the world or the first republican executive since reconstruction days.

Both candidates were hard at work with plans to continue the fight until the eve of the election.

Dr. George C. Butte, republican nominee, reiterated predictions that he would succeed Governor Pat Neff by a majority of 50,000 votes; while former governor James E. Ferguson impeached executive, who is campaigning in behalf of his wife, claims the election by at least 200,000.

Mrs. Miriam A. Ferguson, democratic nominee, estimated her probable majority next Tuesday at 250,000. "It is not a question of victory," she told the United Press today from her home at Temple, "but that of majority. I would like a majority of 200,000 and I believe I shall receive 250,000," she declared.

Butte and Ferguson have spoken before large crowds throughout the present campaign. Mrs. Ferguson has remained at home on account of slight illness.

While the candidates express themselves concretely upon the question of anticipated majorities, many observers point to the scrambled political situation doubtfully.

Butte has attacked the democratic candidate upon the ground that her husband "will be the real governor" in event of her election and called attention to his impeachment. Countering, former governor Ferguson charged the republicans with alliance with the Ku Klux Klan and pointed to the state supreme court's recent decision approving the candidacy of Mrs. Ferguson.

State democratic leaders, supported by messages from the Democratic National Committee chairman, urged voters to stand by their pledges in the primary to support the party nominee. However, some democrats have declared their intention to support the republican nominee because of dislike to former governor Ferguson. Mrs. Ferguson is also strongly anti-klan.

In the run-off primary, when the klan was the outstanding issue, and in which a record state democratic vote of approximately 850,000 votes was cast, Mrs. Ferguson was nominated by nearly 100,000 majority.

Nominally, the state republican vote ranges from 100,000 to 120,000.

In the face of this line-up, many observers, while generally conceding probable election to Mrs. Ferguson, were skeptical as to her majority. Her majority, it was pointed out, will be dependent largely upon the choice of individual democratic klansmen between the democratic primary pledge and loyalty to the Klan.

Willard's Farm Is Auctioned Off For Big Sum Tuesday

(By United Press)
TOPEKA, Kas., Oct. 22.—R. F. Hodgins yesterday became the owner of the 674-acre farm belonging to Jesse Willard, former heavyweight champion.

Willard received \$225 an acre for the tract. The land was auctioned, the first bid being \$150 an acre. Three hundred acres of the farm is in wheat.

MCLENDON HEARS REEDS' SCATHING ADDRESS IN K. C.

Jesse McLendon, a local radio as well as baseball bug, avers today that "Jim" Reed, United States Senator from Missouri, is still "some speaker." He tuned in on him Tuesday night and heard his Kansas City address, indicated that he is still a master of irony and sarcasm. Senator Reed scathingly denounced the Republican administration and candidates.

President Coolidge, in Reed's language, is an "oyster," a "colic-producing cucumber," which he defined as "seed and water with no substance qualities." Other appellations included "failure" and "accident" and an "object of pity."

Secretary Hughes, according to Reed, is a "protector of the interests;" Charles G. Dawes, Republican vice presidential candidate was called the "super fakir of all times."

Reed refrained from criticism of Senator La Follette, but declared he was for Davis and against the independent presidential candidate.

HOME BOMBING TO BE PROBED BY SPECIAL OFFICERS

(By United Press)
COLUMBUS, Ohio, Oct. 22.—A corps of special investigators was ordered to Niles, Ohio, by Governor Donahue following the bombing of the mayor's home there and reports that rioting between Klan and anti-Klan forces is imminent.

NILES, Ohio, Oct. 22.—Police and Trumbull county officers are searching for the men who bombed the home of Mayor Harvey C. Kistler here early today.

The dwelling was damaged to the extent of \$1,000. Mr. and Mrs. Kistler were sleeping in an upstairs room, but were uninjured.

The bombing followed a long conference called by the Mayor with Klan and anti-Klan representatives in an effort to prevent threatened trouble if members of the Klan paraded in Niles Saturday. No settlement was reached at the meeting.

Federal Reserve Bank Sees Better Conditions In '24

(By United Press)
DALLAS, Oct. 22.—Increased activity in both wholesale and retail trade during the last half of September and first half of October in the eleventh federal reserve district is shown in monthly business and industrial and business review issued by Dallas Federal Reserve bank here. Business generally is larger for the preceding month and above corresponding period last year, the report said.

Well, when at last Ford has all the money, we can use Ford parts as a medium of exchange.—Canton (O.) News

VAUDEVILLE IS WILLING TO SELL GAGS TO PARTY

WASHINGTON, Oct. 22.—A charge that theatrical publicity, including "cracks and gags on vaudeville stage," had been offered for sale to La Follette forces for \$50,000 by a prominent theatrical agency, was laid before the Senate committee investigating campaign funds. President Coolidge's breakfast party with a group of actors and actresses at the White House was alleged when the committee resumed deliberations this morning. Rhinelander, Waldo, Garrison, New York, testified that he arranged the party with C. Bascom Slomp, secretary to the president, that he paid \$1187 for railroad expense and meals for actors and actresses. Waldo testified that the president did not know that Waldo was paying the expenses of the party.

Henry Ramm, La Follette supporter, testified that he had been offered \$22 per day by Republican organizers to make speeches and work among railroad men for Dawes-Coolidge support.

H. L. Brunson, member of the International Machinists association, said he collected \$120,000 for the La Follette campaign from trades union members. He said that 94 per cent of the amount had been in one dollar contributions.

This Bull Was The Whole Works

DALLAS, Oct. 22.—One of the near tragedies in Texas' hoof and mouth disease was revealed at the Dallas Fair during its sessions.

Because of the state and interstate quarantines, but few cattle were entered. From Smithton, Missouri, came Judge L. S. Honness, bringing Bill Stratton II, prize bull. What stock the hoof and mouth disease permitted to be exhibited were judged Sunday.

Monday the empty livestock witnessed a strange spectacle. Slowly and with proper stride Judge Honness walked into the great arena leading Bill Stratton II. The circumference of the arena was paraded once and the two came to a halt in the center of the judging ring. Honness tossed the rope to a negro attendant, the only person to witness the strange sight.

Turning to Bill Stratton II, Judge Honness pinned a ribbon on him. The ribbon signified that the bull had been crowned junior champion, senior champion, great champion and great great champion bull of the State fair of Texas.

Texas Turkey Crop Short This Year

HOUSTON, Oct. 22.—Texas' turkey crop is short this year, less than three fourths as many being raised this year as there were last year, according to H. H. Schultz, government statistician after making a special inquiry.

Forty-six per cent of this year's turkey crop in Texas is good, seven per cent excellent, thirty-nine per cent fair and eight per cent poor, according to Schultz.

Low prices last fall, heavy rains in the early spring which drowned hundreds and diseases among them in some sections are given as reason for the short crop. The shortage is expected to raise the price considerably during the holiday season.

JEFFERSON FIRE LOSS IS AROUND \$50,000.00

MARSHALL, Texas, Oct. 22.—Loss estimated at \$50,000 resulted when fire swept three business houses in Jefferson, near here during the night.

TRADE TRIPPERS GRACIOUSLY RECEIVED AND AUTO CARAVAN PRONOUNCED SUCCESS OF HIGHEST ORDER BY PEOPLE

It has been said by those in a position to know that the Auto caravan which left Mexia Tuesday morning was the largest of its kind that ever started and returned with all its cars.

More than sixty cars, most of them loaded with people and advertising literature left early and in spite of disagreeable roads and much dust, more than sixty cars arrived.

The trip was wholly successful, there is no point within a radius of twenty miles or more of Mexia but do not know of Mexia's Merchandise Show to be given Nov. 1st.

It is safe to say that the next week will see many people here who have not before been in our city in years.

At every place people crowded about and eagerly scanned all advertising given them. Perhaps the most compliment paid the trip was at Thornton where the Mayor, Mr. Black, a splendid type of the old-fashioned gentleman, made us a speech congratulating us upon our success in building up Mexia, and incidentally telling us a lot of fine things about his own town. In fact he boasted Thornton so much that Patterson, who spoke for us, was even to speak off and hold up his hand.

The much credit cannot be given to the Kibbans, who are in of course, State Park and president of everything in Mexia.

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub is the "Secret" from sore, aching joints. It cures, soothes and relieves aches that all rheumatic suffer from at once.

When you are suffering so you can hardly get around, rub Red Pepper Rub and you will have the quickest relief known. Nothing so quick and certain, penetrating, healing and soothing as you apply Red Pepper Rub to the aching spot. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

It is a good thing for a lot of Red Pepper Rub. Be sure to get the genuine with the Red Pepper Rub on each package.

for the spirit he showed by sticking through the trip though not at all well. He was the only banker present. Also Victor Aubrey who was the only preacher stuck it out in spite of a recalcitrant Ford and much tire trouble. Not to be outdone he abandoned his own silver on the way and commandeered another in which he finished the trip.

Such a trip cannot but benefit a town. Everybody made a joke of the disagreeable features and a lot of fun was had. Those who failed to go missed a rare treat. Secretary Tommie Haines of Merchants Retail Association, and live were Joe Carson of the Chamber of Commerce were both on the job and kept the caravan moving and the representatives of the Mexia Daily News, led by its advertising manager, C. L. Talum were busy distributing a special edition and other publicity.

The Big New Studentator car full of pretty high school girls, under the chaperonage of Mrs. L. S. Patterson added a touch of youth and gaiety, and the Sumpter street school boys worked like trojans in the Mexia-The City That Vision Is Building.

GLEN ROSE OIL WELL.

The Oil well being drilled four miles south of Glen Rose by a syndicate of Kansas men is making rapid progress. It is now down 2150 feet, drilling in a ten inch hole. This well is being drilled by Devore & Latimer of Ft. Worth under a \$500 foot contract. It is located two miles north of the well drilled by Bonedum-Trees which struck four million feet of wet gas and a quantity of high grade oil. Geologists report the present well much better located on structure than the former well and that those Kansas men have a good chance to get both gas and oil. A lot of interest is apparent. Last Sunday between three and four hundred people visited the well. It is understood some leases are being sold, although the people drilling the well have a lot of confidence in it being a producer and are not making any special effort to sell leases.

FOUR JUNIOR COLLEGES IN TEXAS SUPPORTED LIKE THE HIGH SCHOOLS

AUSTIN, Texas, Oct. 29.—"I believe strongly in junior colleges, provided that they have funds enough to do the work properly; but I would rather have none at all than one that means only two more years of high school work," asserted E. J. Mathews, registrar of the University of Texas. Mr. Mathews says that the population of the city and the surrounding community must be considered in locating a junior college, but that the chief question is the matter of sufficient funds to carry on good work, for support is necessary to provide good teachers, adequate buildings, library, laboratory and other equipment.

divisions of the city school system will be started in order to provide a junior college."

Mr. Mathews believes, however, that the crowded condition of the freshman and sophomore classes of the University of Texas will be relieved when Texas cities can afford to build junior colleges.

There are three kinds of junior

colleges in Texas, it is stated—the public junior college, supported by State funds; the denominational school; and the private school. In Texas there are four public junior colleges, located at El Paso, Beaumont, Wichita Falls and Hillsboro;

there are many denominational schools; and there is one private school of junior college ranking—the Texas Military College at Terrell.

NOTICE TO THE PUBLIC

The banks of Mexia, including the Farmers State Bank, the Prendergast-Smith National Bank and the City National Bank, on and after November 1, will resume their old plan of closing on Saturdays at 1:00 o'clock. These institutions have kept open until the usual closing hours during the cotton season this Fall for the benefit of the farmers. With the nearing of the close of the season, the old plan will be resumed. We especially urge the attention of the public to this and ask for the cooperation of our friends and patrons.

Must Be A Trick Hitting The Bit

PORT ARTHUR, Oct. 29.—Clad in rustling silks, a dainty miss matched brawn for brawn with the mightiest at the Port Arthur fair one evening.

It was the game of ring the bell three times for a cigar and she could hardly lift the heavy maul above her head. But when it came down the bit of steel soared up the wire, up and above marks which several hokies about had set. The unknown champion was loudly cheered as she repeated her feat—but no mention was made of a cigar.

SLEEP TALKER BETRAYS HIMSELF TO POLICE

(By International News Service.)

TOKIO, Oct. 29.—Once again a talking sleeper has brought about his own downfall.

Tokuza Takahashi, twenty-three years old, deserted from the battleship Kongo. He had a job in a barber shop in Tokyo. Each night he slept there, and his employer listened, aghast, to the strange mutterings of this new employee. They had to do with warships, with life on the sea and with the hectic existence of a hunted man who had deserted the service of his country. He is now awaiting trial.

"For Mexia. I WILL"

THE CLEAN LIFE PAYS

The remarkable tributes which have been paid to the baseball player, Walter Johnson, in connection with the world series reminds us that only one other baseball player has ever approached him in baseball popularity. That other man is Christy Mathewson.

Is it not significant that these men are both known to the country over for absolute cleanliness of life, for conscientious regard for the highest ideals of sportsmanship and for standards of personal conduct which are even beyond what the average man esteems as high. It pays to think these things over. Some real men gamble and dissipate, but gambling and dissipation do not become a real man and the whole country knows it. They pick their heroes accordingly.

In New York City, says the Christian Science Monitor, the relief from poverty has been so complete, due largely to the benefits of prohibition, that in an East Side tenement district, St. Bartholomew's Episcopal Church, has, within the past year, taken measures to close its Benevolent Society and Loan Association, which were established to render aid to the needy. The organizations have been in existence for over thirty years.

Professor Thomas Nixon Carter, nationally known economist, and of the faculty of Harvard University, said in a recent interview that the nations that refuse to adopt prohibition and "take this step forward in the economy of human resources—whether they themselves understand it or not—are definitely choosing to occupy a secondary position in the civilized world."

To support a known bad man because he is the nominee of your party is to submit to slavery to a party, and to boast of it is to glory in shame.—Arkansas Methodist.

It is said that 80 per cent of the young thieves of Paris are from alcoholic parents.

FROM THE PEOPLE

Americanization

"It is time that our nation should take up the question of religious education as one of its most vital problems. We talk a great deal about the Americanization of the foreigner; but one of our great needs is the true Americanization of the school child. Until each boy and girl in our public schools has a clearly defined idea of the great religious ideals which prompted the colonization of this country and brought about the founding of this nation, I do not believe that any program of Americanization will prove adequate to the needs of today. Our nation was founded by men who were familiar with the Bible. Our national ideals must be safeguarded by men and women who have the same knowledge and are inspired by the same spiritual standards."—D. W. Hough.

I read the article from which the above paragraph was taken some months ago, and I was reminded of

Phone 61

it very forcibly last week when I visited the Sumpter School Library. There are three tables in the library and on each is a Webster's New International Dictionary and a Bible. One of the Bibles is the gift of the Mexia Daily News, the other two were bought so that the readers may have ready access to the Book of Books.

Not only are the Bibles placed in reach of the children, but as part of regular English work the children learn to know the Bibles heroes as men just as they learn of other characters in history. In fact, I noticed in the display shelf the third grade's idea of David and Goliath worked out in modelling clay.

A new course has been put in every grade so that the children are given in their Auditorium Period a regularly outlined course in Bible stories. The stories are told by one teacher so that at the end of the course they will have a definitely connected story of the Bible.

This article is written as a mark of appreciation for the work that is being done.—A Patron of Our School.

BUSINESS MAN'S LETTER HAS SMALL VOCABULARY

(By International News Service.)

CHICAGO, Oct. 29.—Average American business men have a working vocabulary of only 500 words in their every-day business letters, according to Frank E. Hand, Supreme Vice-Chief Ranger of the Independent Order of Foresters, in an address here in which he outlined welfare work in connection with the society's orphanage at Oakville, Ont.

"The chief part of the nation's

BROCHETTES MILANAISES.

PARIS, Oct. 29.—"Brochettes Milanaises," as they are eaten in Paris, make a delicious and substantial Italian dish.

Choose very thin veal escallops. Spread over them a layer of hash composed of raw veal and cooked ham, chopped into small pieces. Season well, and bind with the yolks of two eggs. Roll the escallops, as for "pigs in blankets," and stick through brochettes of wood or metal, putting between a slice of

business, so far as its correspondence is concerned," said Mr. Hand, who based his statement on researches conducted by the Russell Sage Foundation, "is pursued by means of a vocabulary smaller than that possessed by a grammar-school graduate. A few words are made to do most of the work. The ten commonest words in English are: the, and, of, to, I, a, that, we, you, for. With their repetition, they constitute more than one-fourth of all the words ordinary men write."

666

is a prescription for Malaria, Chills and Fever, Dengue or Bilious Fever. It kills the germs.

uncooked ham. Flour well and let grill slowly in butter for fifteen or twenty minutes.

Serve the brochettes with a tomato sauce apart.

Prayer meeting services will be held tonight in all local Protestant churches. The public is cordially invited to attend.

The men and women who went on the trade tour Tuesday are enthusiastic over the receptions they were accorded wherever they went and also speak with pleasure of the big day of fellowship together. Many proclaim it to have been the

Eczema

Oh! The joy of a peaceful, restful night. What a wonderful "up and going" feeling follows such a night of undisturbed slumber.

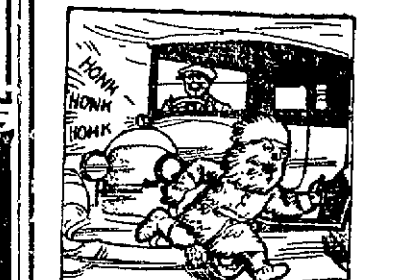

Oh! What tortures—what agony—what despair—goes with the nights where eczema and other skin diseases hold power and drive away rest and peaceful slumber. For under the cover of darkness like crafty beings of the underworld these eruptions work their most serious havoc.

S.S.S. is the established conqueror of these annoying skin diseases. S.S.S. drives these ever disturbing elements from your system—elements that carry in their wake—lack of energy—undiminished health! You may try in vain to get rid of them by using salves, lotions, washes, all to no purpose. You can't do it that way—the seat of the trouble lies deeper—impure blood trying to throw off poisons through the tender skin.

S.S.S. purifies the blood. It aids Nature in creating new red-blood cells by the million! Blood-cells that send new rich blood coursing through your system. Red blood that drives away eczema—drives away pimples, blackheads, boils and rheumatism, too. An increase in red-blood-cells means added strength, added vitality and renewed vigor. Because the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. Start taking S.S.S. today and watch it rout that annoying, skin destroying, health undermining army that holds your system in its grasp! Learn again what it means to enjoy peaceful, restful nights of slumber.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Legends Of Texas Now Off the Press

AUSTIN, Texas, Oct. 29.—The second edition of Legends of Texas has just come off the University of Texas Press and 1500 copies are ready for distribution, according to Miss Ethel Burch, secretary of the Texas Folk-Lore Society.

Since last May, 1200 copies of this volume, containing legendary tales of the Lone Star State have been sold. Orders have been filled, not only in all parts of Texas, but in practically every State of the Union. Books have also been sent to Canada, Mexico City, Paris, France; Prague, Germany, and Basel, Switzerland.

Legends of Texas is a product of the Texas Folk-Lore Society, which was organized in 1909 in Dallas with a membership of 66. Since its organization, the society has grown until there are now 300 members. Of this number, 135 have been added this year. The University of Texas is headquarters for the society, though the meetings have been held in various places. The general purpose of the society is to collect and preserve the heritage of Texas, the folk-lore, although lore of the whole South-west, including that of Mexico, is recognized as the field of Texas folk-lore. Any one interested in the general purpose of the society may become a member, according to Miss Burch.

The folk-lore of Texas is varied. In the legends of Texas are found legends of mines, of hidden treasures, of lovers, of mystery, of flowers, of superstitions. The book may be purchased by a time to the secretary of the Texas Folk-Lore Society at the University of Texas.

J. Clark Dobie, editor of the publication, said:

"I must confess a great hope that some man or woman who understands will seize upon the legends and use them as living used the legends of the Hudson and the Catskills, as Whittier used the legends of New England."

NOTICE.

Through a respectable error the name of Mr. W. A. Pratt, Ladies' Fashion-Week was left off the published names of the subscribers, merchandise to the shower Nov. 8.

Mrs. Everett is giving a beautiful dinner at 7:30 and we take pleasure in making this correction.

ONE CANADIAN FAMILY

HOLDS FARM 295 YEARS

(By International News Service.)

QUEBEC, P. Q., Oct. 29.—Ismael

Bedard, a French-Canadian farmer, of Charlesbourg, Quebec County, claims the distinction for his family of having lived longer in one place than any other family in North America. His forebears have held the same farm, without interruption in the succession, since 1629, according to the returns of a

questionnaire sent out to parish priests in the province by the Arts, Sciences and Letters Society here.

Ismael Bedard, the present owner, has been on the land thirty years. He has a family of grown sons, and the house in which he lives is believed to be the original building erected in 1629.

HERE'S WHAT HAPPENS WHEN SHERIFFS DANCE

(By International News Service.)
POMEROY, Ohio, Oct. 29.—In a most unusual manner, Sheriff Wilbur Reeves fractured an arm. While attending a dance, he became very warm. Going out of doors to cool off, the sheriff sat down on a stone wall overlooking the Ohio River. He fainted and fell off.

Harry A. Porter, local chiropractor, made a contribution of \$5.00 this morning to the Trade Show and the Odd Fellows lodge of Mexia gave a like amount, both unsolicited, according to John I. McElroy, President of the Mexia Retail Merchants Association.

Tuesday's Trade Trip Is Great Success
(Continued from Page One.)

The big day in Mexia on the eighth of November. From Tague the caravan cut through to Kirven where they were met by a large crowd, at each place circulars, papers and souvenirs of every description were distributed, spreading the gospel of the big day in Mexia on the second Saturday in next month.

From Kirven the long line of cars wound its way to Wortham, where the town was covered with the news of the big day in Mexia. About twenty minutes was spent in each town, giving the distributors time to thoroughly cover the city with booster literature and the speaker to spread the good word to all in hearing distance. The band loaded into the back of the big cars at this place so as not to tire the musicians before completing the long trip.

From Wortham the caravan went to Tehuacana, then to Coolidge and finally arrived at Groesbeck shortly after one o'clock where a wonderful dinner awaited the dusty but happy boosters. Arrangements had been made ahead to prepare for the tourists and they enjoyed the dinner prepared at the Brown hotel. Another place in the city prepared another delicious meal for members of the band.

After spending a profitable hour at Groesbeck they started for Thornton about two thirty o'clock. At Thornton after Mr. Patterson had made a very appalling speech with his usual eloquence Mayor Black of Thornton mounted the platform and gave a short talk of welcome to the caravan, which was loudly applauded by all spectators.

From Thornton the tourists went to Kosse, where after a few good selections from the band and a short talk the happy crowd waited to fully cover the town with literature. Shortly after four o'clock the caravan, covering a distance of over a mile, started for home well contented that they had put Mexia favorably on the map in all surrounding territory, and that Tuesday was a day well spent in making a bigger and better Mexia.

It would be difficult to pick the prize winner or the best decorated car, as many clever ideas were used to attract attention, all bearing the invitation to visit Mexia on Saturday November 28th, for the biggest merchandise show ever held in the section of the state. \$3,500 in cash and merchandise will be given away to the visitors.

POWER OF ATTORNEY MUST BE SECURED SAYS COLLECTOR

James W. Bass, Collector of Internal Revenue for the First District of Texas, states that hereafter that when any agent or attorney calls at his office concerning taxpayers that it will be absolutely necessary that proper Power of Attorney be presented before the case can be discussed. He further states that it is required of him to make a complete record of all cases of this nature. This information will be properly compiled and forwarded to the Commissioner of Internal Revenue, Enrollment and Disbarment Section, every three months. This information is furnished the public that little delay as possible may be encountered with reference to taxpayers and their accountants.

The Mexia High School Parent Teachers Association will meet at the High School Building at 3:45 Thursday afternoon. All members are urged to be present, as the work of the association for the year demands the fullest cooperation of everyone.

Sam Jackson of Corsicana was a business visitor here Tuesday.

DRINK WATER TO HELP WASH OUT KIDNEY POISON

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them

to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and

stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

ACTORS PART IN PRESIDENTIAL RACE IS AIRED ELECTRIC MEN FROM FOUR STATES TO MEET IN MEXIA MOTOR CARAVAN TUESDAY ONE OF OUTSTANDING SUCCESS

C.P.&L. OFFICIALS MEET THURSDAY FOR ANNUAL GATHERING

Mexia will be the scene of a meeting Thursday of the Community Power & Light Company men from four states, Texas, Arkansas, Kansas and Missouri, states D. S. Caldwell, General Manager for the concern. Headquarters for the Texas properties are located in Mexia. An invitation to hold the 1924 meeting in Texas was extended by Colonel George H. Carter of Marlin and D. S. Caldwell of Mexia at the 1923 meeting held in Arkansas. This invitation has been accepted.

Primarily a manager's meeting, the city will be favored by the presence of several high officials of the company.

Inspection of the local properties has been arranged for Wednesday morning at Marlin, while the afternoon will be devoted to shop-talk on matters of interest to the company's representatives.

The party will leave Marlin Thursday morning for Mexia, where they will spend the morning inspecting properties in that city.

Those who will attend the meeting are as follows:

Wiley F. Corl, President.
Paul D. Taylor, Secretary.
L. F. Payne, Electrical Engineer.
H. B. Treichel, Plant Engineer.
All of the St. Louis headquarters.
L. Studdard, Whitaker & Company, St. Louis.
John Dietz, Liberty-Central Trust Company, St. Louis.
Mr. Anderson, Ross & Company, Inc., Chicago.
F. M. Stone, General Manager of the Kansas properties.
L. E. Conner.
D. C. Diver.
H. C. Miller, District Manager of Kansas.
J. S. M. Wharton, General Manager of the Arkansas Properties.
W. D. Schorville, District Manager.
F. T. Porter, General Manager of the Missouri Properties.
C. E. Brenton.
H. D. Newman.
A. F. Hall.
E. F. Sanders.
H. F. Cleveland, District Manager of Missouri.
D. S. Caldwell, General Manager of the Texas Properties.
J. B. French, District Manager.
S. D. Willford, Local Manager, Mart.
George E. Lewis, Local Manager, Rosebud.
W. F. Morrison, Local Manager, Teague.
E. F. Haverfield, Securities Department, St. Louis.

Last of Fighters In China Quelled

(By United Press)
OSAKA, Japan, Oct. 29.—A Chinese army, which still is fighting in the north despite the coup d'etat at Peking, was decisively defeated by Manchurians who captured Lanchow today, according to Mukden dispatches.

Tuan Chi Jui, leader of the Anfu club and elected generalissimo of the military forces holding Peking, has entered the capital after accepting General Wu Pei Fu's desire for a peaceful solution of the conflict, according to Tien Tsin advices.

ROTARY MEETS THURSDAY.

The Mexia Rotary club will hold its regular weekly luncheon at the Topie Cafe at noon Thursday. Every member is urged to be present and visiting Rotarians are cordially welcome.

Truman Gregg of Corsicana was a Mexia visitor the first of the week.

North Belknap Is Needing Attention Before November 8

The stretch of street on North Belknap, between East Commerce and the Tehuacana and Coolidge road, should be repaired before November 8. When the thousands of visitors for the day come in from that direction, many of them for the first time in years, they should find the entrance indicating a welcome as well as the words of the business men whom they meet within the city limits. Something should be done now by all means.

BUTTE TO COME TO MEXIA FROM NEIGHBOR TOWN

P. Mayer of Corsicana writes to Isadore Newman of this city, calling attention to certain particulars of the Butte speaking date here next Monday at 2:00 p. m.

Mr. Mayer says that "Dr. Butte will arrive in Corsicana via the Interurban and I will motor with him to your city in the event it does not rain. Of course, if it should be rainy, Dr. Butte will arrive in Mexia on train 16 (reaching here at 11:45) and will speak there and return to Corsicana on train 15, for his night engagement in this city. I trust the weather will be favorable and that we will be permitted to motor to Mexia, as I am sure a large delegation from Corsicana, Richland and Wortham will join us along the line."

FOURTH VICTIM OF PECULIAR GAS NOTED TODAY

(By United Press)
NEW YORK, Oct. 29.—William Kresge died in a straight jacket at the reconstruction hospital this morning, bringing the list of "loony gas" victims in the Bayway plant of the Standard Oil Company to four. Seventeen other persons in the hospital are suffering from the effects of the mysterious gas. The plant is closed pending investigation, now under way.

Democrats Are Out Of Fund Probe As Campaign Concludes

(By United Press)
WASHINGTON, Oct. 29.—From now until the hearings close on Friday the Senate investigation of campaign funds bids fair to become a battle between counsel for Senator La Follette and the Republican National Committee.

Since advent of Weymouth Kirkland, attorney for the Republican organization, it has become more and more evident that Frank P. Walsh, attorney for La Follette and the victor in scores of legal fights, is not going to be permitted to "run away" with the inquiry.

Those who have watched the course of the inquiry since Kirkland entered the list lost interest in the testimony to observe the battle of wits in progress between Walsh and Kirkland.

ONE KILLED BY AUTO.

(By United Press)
PERSON was killed and three others GRAFORD, Texas, Oct. 29.—One seriously injured when their automobile plunged over a twenty-foot embankment near here during the night. Winford Wheatley, 29, driver, was crushed to death under the spring wheel.

PRACTICALLY ALL FIRMS IN LINE ON TUESDAY'S LONG TRAIL

The booster caravan headed by Hardy Eubanks, President of the Mexia Chamber of Commerce and T. B. Haines, official pathfinder of the boosters and secretary of the M. R. M. A. started in front of the Hurdleston hotel at 8:30 o'clock Tuesday morning for the most successful trades tour ever attempted by the wide awake merchants of this city.

There were about 63 cars in the long line, representing practically every firm in the city and many individual boosters to help put over this undertaking. Near the front of the parade was the band truck containing the trick band, which looked as if all the clowns had been borrowed from the circus for the occasion, the band did wonderful work and made a hit in every town visited. Closely behind the band truck came two Studebaker cars containing the Boy Scouts in official uniform, three scouts were secured from each of the schools to accompany the caravan. Then came the long line of cars representing the business and individuals of the city; the decorations and posters were superb, showing that much time and thought had been spent in advertising Mexia to the best advantage to our neighbors in the surrounding territory.

The long line of cars circled through the business district of Mexia and then out Commerce street, Ross avenue and the Teague pike. A good steady gait was maintained by the leaders at all times and only one or two cars were forced to drop out of line on account of tire or engine trouble. The Mexia Battery and Tire Company had a "trouble" car in the line for any emergency that might occur.

Upon arriving at Teague a short circuit was made of the residential district and the booming little city was entered from the North with a loud response from the horns and band. As soon as the cars came to a standstill the town immediately became a beehive of excitement, large crowds gathered around the band which played in the middle of the main street. After a piece of two from the musicians, L. S. Patterson mounted the tonneau of an automobile and gave a short talk about the purpose of the trip and

Government Moves To Speed Up Case

(By United Press)
LOS ANGELES, Oct. 29.—Government attorneys moved today to speed up the suit under way to break the Elk Hills naval reserve leases held by E. L. Doherty's Pan-American Petroleum Company. Only six more witnesses will be called by the prosecution, according to government prosecutors, and it is expected that all of the government's evidence will be submitted this week.

COTTON CROP NEARLY ALL GATHERED NOW

The 1924 cotton crop is almost a thing of the past at present. Final bales are being brought in from many fields, however, cotton will come in slowly for several weeks yet. The crop in the County will exceed 45,000 bales this year against around 48,000 in 1923.

Allen Hatch and Fred Kerner are chaperoning Mrs. Hatch and Miss Frederika Kerner to Waco to take in the sights at the Cotton Palace for a day.

Philanthropist Leaves Sum For Work With Youth

(By United Press)
KANSAS CITY, Mo., Oct. 29.—Paul A. Ewart, millionaire philanthropist and friend of boys and girls, has provided in his will for a continuance of the work he carried on in life. Ewart died here Oct. 20.

Included in the list of beneficiaries is the First Presbyterian Church of Miami, Ok., which was given \$5,000.

PLEA IS MADE TO EXTEND RAILWAY TO PORT ARTHUR

H. Y. Taylor, traffic chief of the Port Arthur Chamber of Commerce, is in Houston to confer with Colonel R. C. Duff, President of the Waco, Mexia, Beaumont Trinity and Sabine Railway, on the arguments to be presented before the interstate commerce commission for extension of the road to Port Arthur. The hearing is set for November 21. The desire of the road is to extend its line all the way to Port Arthur instead of merely to Port Neches, as was previously intended, is being supported by the Port Arthur Chamber of Commerce and opposed by the Kansas City Southern, extending to Port Arthur.

Arrangements Are Made For Burial Of Big Banner

(By United Press)
CHICAGO, Oct. 29.—Funeral arrangements will be made late today for James B. Forgan, 72 years old, dean of American bankers, who died last evening after several days' illness. Death was due to ulcers of the stomach.

Oklahoma Modifies H. and M. Embargo

FOR WORTH, Oct. 29.—Hoof and mouth disease restrictions upon livestock shipments from Fort Worth and San Antonio into Oklahoma have been lifted, according to a telegram received here by A. G. Donovan, manager of the local Stockyards Company from J. A. Whitehurst, president of the Oklahoma Board of Agriculture.

IT'S A BOY.

Born to Mr. and Mrs. W. A. Reiter, Wednesday morning, a fine baby boy. Congratulations.

All days long, day after day, for thirty-six years, Tom Tuthill worked in a London (England) match factory, striking matches to test their quality. He scratched all his matches by hand and passed judgment upon the quality of each conignment from the workrooms.

CENTRAL PRESBYTERIAN CHURCH TO BE SCENE OF "FAITH, FOOD AND FUN" AS CHILDREN GATHER OR HALLOWEEN

Faith, Food, and Fun might well be observed at the Central Presbyterian Church this evening. Supper will be served 6 o'clock. At seven fifteen the children will be entertained at a Halloween party. All children invited to come and eat supper and stay for their Bible hour and the social. For the young people and the adults a talk on Loyalty will be given by Rev. John E. Aubrey, of Denison, Texas. At eight fifteen the young people's choral club will hold their meeting. It is the plan of the Central Presbyterians to make Wednesday evenings during the Fall season prominent for social features, church plans, Bible and Mission study. An effort will be made to enlist every member of the church for attendance upon these meetings and assign them a specific task and also bring neighbors, friends, and strangers together.

BOTH PARTIES IN TEXAS CERTAIN OF VICTORY TUESDAY

(By United Press)
DALLAS, Texas, Oct. 29.—Superior confidence that victory was just around the corner emanated from both political camps today as the state gubernatorial campaign entered its last week to determine whether Texas is to have the first woman governor in the world or the first republican executive since reconstruction days.

Both candidates were hard at work with plans to continue the fight until the eve of the election.

Dr. George C. Butte, republican nominee, reiterated predictions that he would succeed Governor Pat Neff by a majority of 50,000 votes; while former governor James E. Ferguson, impeached executive, who is campaigning in behalf of his wife, claims the election by at least 200,000.

Mrs. Miriam A. Ferguson, democratic nominee, estimated her probable majority next Tuesday at 250,000. "It is not a question of victory," she told the United Press today from her home at Temple, "but that of majority. I would like a majority of 200,000 and I believe I shall receive 250,000," she declared.

Butte and Ferguson have spoken before large crowds throughout the present campaign. Mrs. Ferguson has remained at home on account of slight illness.

While the candidates express themselves concretely upon the question of anticipated majorities, many observers point to the scrambled political situation doubtfully.

Butte has attacked the democratic candidate upon the ground that her husband "will be the real governor" in event of her election and called attention to his impeachment. Countering, former governor Ferguson charged the republicans with alliance with the Ku Klux Klan and pointed to the state supreme court's recent decision approving the candidacy of Mrs. Ferguson.

State democratic leaders, supported by messages from the Democratic National Committee chairman, urged voters to stand by their pledges in the primary to support the party nominee. However, some democrats have declared their intention to support the republican nominee because of dislike to former governor Ferguson. Mrs. Ferguson is also strongly anti-Klan.

In the run-off primary, when the Klan was the outstanding issue, and in which a record state democratic vote of approximately 850,000 votes was cast, Mrs. Ferguson was nominated by nearly 100,000 majority.

Nominally, the state republican vote ranges from 100,000 to 120,000.

In the face of this line-up, many observers, while generally conceding probable election to Mrs. Ferguson, were skeptical as to her majority. Her majority, it was pointed out, will be dependent largely upon the choice of individual democratic Klansmen between the democratic primary pledge and loyalty to the Klan.

Willard's Farm Is Auctioned Off For Big Sum Tuesday

(By United Press)
TOPEKA, Kas., Oct. 29.—R. F. Hodgins yesterday became the owner of the 674-acre farm belonging to Jesse Willard, former heavy-weight champion.

Willard received \$225 an acre for the tract. The land was auctioned, the first bid being \$150 an acre. Three hundred acres of the farm is in wheat.

MCLENDON HEARS REEDS' SCATHING ADDRESS IN K. C.

Jesse McLendon, a local radio as well as baseball bug, avers today that "Jim" Reed, United States Senator from Missouri, is still "some speaker." He tuned in on him Tuesday night and heard his Kansas City address, indicated that he is still a master of irony and sarcasm. Senator Reed scathingly denounced the Republican administration and candidates.

President Coolidge, in Reed's language, is an "oyster," a "colic-producing cucumber," which he defined as "seed and water with no sustenance qualities." Other appellations included "failure" and "accident" and an "object of pity."

Secretary Hughes, according to Reed, is a "protector of the interests;" Charles G. Dawes, Republican vice presidential candidate was called the "super fakir of all times."

Reed refrained from criticism of Senator La Follette, but declared he was for Davis and against the independent presidential candidate.

HOME BOMBING TO BE PROBED BY SPECIAL OFFICERS

(By United Press)
COLUMBUS, Ohio, Oct. 29.—A corps of special investigators was ordered to Niles, Ohio, by Governor Donahey following the bombing of the mayor's home there and reports that rioting between Klan and anti-Klan forces is imminent.

NILES, Ohio, Oct. 29.—Police and Trumbull county officers are searching for the men who bombed the home of Mayor Harvey C. Kistler here early today.

The dwelling was damaged to the extent of \$1,000. Mr. and Mrs. Kistler were sleeping in an upstairs room, but were uninjured.

The bombing followed a long conference called by the Mayor with Klan and anti-Klan representatives in an effort to prevent threatened trouble if members of the Klan paraded in Niles Saturday. No settlement was reached at the meeting.

Federal Reserve Bank Sees Better Conditions In '24

(By United Press)
DALLAS, Oct. 29.—Increased activity in both wholesale and retail trade during the last half of September and first half of October in the eleventh federal reserve district is shown in monthly business and industrial and business review issued by Dallas Federal Reserve bank here. Business generally is larger for the preceding month and above corresponding period last year, the report said.

Well, when at last Ford has all the money, we can use Ford parts as a medium of exchange.—Canton (O.) News

VAUDEVILLE IS WILLING TO SELL GAGS TO PARTY

WASHINGTON, Oct. 29.—A charge that theatrical publicity, including "cracks and gags on vaudeville stage," had been offered for sale to La Follette forces for \$50,000 by a prominent theatrical agency, was laid before the Senate committee investigating campaign funds. President Coolidge's breakfast party with a group of actors and actresses at the White House was aired when the committee resumed deliberations this morning. Rhineland, Waldo, Garrison, New York, testified that he arranged the party with C. Bascom Slem, secretary to the president, that he paid \$1187 for railroad expense and meals for actors and actresses. Waldo testified that the president did not know that Waldo was paying the expenses of the party.

Henry Kamm, La Follette supporter, testified that he had been offered \$22 per day by Republican organizers to make speeches and work among railroad men for Dawes-Coolidge support.

H. L. Brunson, member of the International Machinists association, said he collected \$120,000 for the La Follette campaign from trades union members. He said that 94 per cent of the amount had been in one dollar contributions.

This Bull Was The Whole Works

DALLAS, Oct. 29.—One of the near tragedies in Texas' hoof and mouth disease was revealed at the Dallas Fair during its sessions.

Because of the state and interstate quarantines, but few cattle were entered. From Smithton, Missouri, came Judge L. S. Honsess, bringing Bill Stratton II, prize bull. What stood the hoof and mouth disease permitted to be exhibited were judged Sunday.

Monday the empty livestock witnessed a strange spectacle. Slowly and with proper stride Judge Honsess walked into the great arena leading Bill Stratton II. The circumference of the arena was paraded once and the two came to a halt in the center of the judging ring. Monsees tossed the rope to a negro attendant, the only person to witness the strange sight.

Turning to Bill Stratton II, Judge Monsees pinned a ribbon on him. The ribbon signified that the bull had been crowned junior champion, senior champion, great champion and great great champion bull of the State fair of Texas.

Texas Turkey Crop Short This Year

HOUSTON, Oct. 29.—Texas' turkey crop is short this year, less than three fourths as many being raised this year as there were last year, according to H. H. Schultz, government statistician after making a special inquiry.

Forty-six per cent of this year's turkey crop in Texas is good, seven per cent excellent, thirty-nine per cent fair and eight per cent poor, according to Schultz.

Low prices last fall, heavy rains in the early spring which drowned hundreds and diseases among them in some sections are given as reason for the short crop. The shortage is expected to raise the price considerably during the holiday season.

JEFFERSON FIRE LOSS IS AROUND \$50,000.00

MARSHALL, Texas, Oct. 29.—Loss estimated at \$50,000 resulted when fire swept three business houses in Jefferson, near here during the night.

TRADE TRIPPERS GRACIOUSLY RECEIVED AND AUTO CARAVAN PRONOUNCED SUCCESS OF HIGHEST ORDER BY PEOPLE

It has been said by those in a position to know that the Auto Caravan which left Mexia Tuesday morning was the largest of its kind that ever started and returned with all its cars.

More than sixty cars, most of them loaded with people and advertising literature left early and in spite of disagreeable roads and much dust, more than sixty cars finished.

The trip was wholly successful. There is no point within a radius of twenty miles or more of Mexia that does not know of Mexia's Merchandise Show to be given Nov. 1st.

It is safe to say that the next week will see many people here who have not before been in our city in years.

At every place people crowded about and eagerly scanned all advertising given them. Perhaps the highest compliment paid the trippers was at Thornton where the Mayor Mr. Black, a splendid type of the old southern gentleman, made us a speech congratulating us upon our aggressiveness bidding us welcome, and incidentally telling us a lot of fine things about his own town. In fact he boasted Thornton so much that Patterson, who spoke for us was seen to sneak off and hide under his Ford.

Too much credit cannot be given Harrie Eubanks, vice president of Farmers State Bank—and president of everything else in Mexia.

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red pepper. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and stiffness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

for the spirit he showed by sticking through the trip though not at all well. He was the only banker present. Also Victor Aubrey who was the only preacher stuck it out in spite of a recalcitrant Ford and much tire trouble. Not to be out done he abandoned his own silver on the way and commandeered another in which he finished the trip.

Such a trip cannot but benefit a town. Everybody made a joke of the disagreeable features and a lot of fun was had. Those who failed to go missed a rare treat. Secretary Tommie Haines of Merchants Retail Association, and live wire Jere Cason of the Chamber of Commerce were both on the job and kept the caravan moving and the representatives of the Mexia Daily News, led by its advertising manager, C. L. Tatum were busy distributing a special edition and other publicity.

The Big New Studebaker car full of pretty high school girls, under the chaperonage of Mrs. L. S. Patterson added a touch of youth and gaiety, and the Sumpter street school boys worked like trojans boosting Mexia—The City That Vision Is Building.

COME OUR WAY

When your shoes need mending, bring them to us. We can make them look like new. By having your shoes repaired at the right time you can save many dollars during the year.

GLEN ROSE OIL WELL.

The Oil well being drilled four miles south of Glen Rose by a syndicate of Kansas men is making rapid progress. It is now down 2190 feet, drilling in a ten inch hole. This well is being drilled by Devore & Latimer of Ft. Worth under a 3500 foot contract. It is located two miles north of the well drilled by Benedum-Trees which struck four million feet of wet gas and a quantity of high grade oil. Geologists report the present well much better located on structure than the former well and that these Kansas men have a good chance to get both gas and oil. A lot of interest is apparent. Last Sunday between three and four hundred people visited the well. It is understood some leases are being sold, although the people drilling the well have a lot of confidence in it being a producer and are not making any special effort to sell leases.

FOUR JUNIOR COLLEGES IN TEXAS SUPPORTED LIKE THE HIGH SCHOOLS

AUSTIN, Texas, Oct. 29.—"I believe strongly in junior colleges, provided that they have funds enough to do the work properly; but I would rather have none at all than one that means only two more years of high school work," asserted E. J. Mathews, registrar of the University of Texas. Mr. Mathews says that the population of the city and the surrounding community must be considered in locating a junior college, but that the chief question is the matter of sufficient funds to carry on good work, for support is necessary to provide good teachers, adequate buildings, library, laboratory and other equipment.

"Most of the towns in Texas are growing so fast that they have difficulty in securing money enough to provide teachers and buildings for the elementary and high school work," said Registrar Mathews. "The danger is therefore, that these

divisions of the city school system will be starved in order to provide a junior college."

Mr. Mathews believes, however, that the crowded condition of the freshman and sophomore classes of the University of Texas will be relieved when Texas cities can afford to build junior colleges.

There are three kinds of junior

colleges in Texas, it is stated—the public junior college, supported by State funds; the denominational school; and the private school. In Texas there are four public junior colleges, located at El Paso, Beaumont, Wichita Falls and Hillsboro;

there are many denominational schools; and there is one private school of junior college ranking—the Texas Military College at Terrell.

THE NEWS PUBLISHING COMPANY

TELEPHONE 146

We want the news, all the news of all the people, while it is news, and requests the readers to send in or telephone 146 or 361 news items and personals of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

"For Mexia. I WILL"

THE CLEAN LIFE PAYS

The remarkable tributes which have been paid to the baseball player, Walter Johnson, in connection with the world series reminds us that only one other baseball player has ever approached him in baseball popularity. That other man is Christy Mathewson.

Is it not significant that these men are both known to the country over for absolute cleanliness of life, for conscientious regard for the highest ideals of sportsmanship and for standards of personal conduct which are even beyond what the average man esteems as high. It pays to think these things over. Some real men gamble and dissipate, but gambling and dissipation do not become a real man and the whole country knows it. They pick their heroes accordingly.

In New York City, says the Christian Science Monitor, the relief from poverty has been so complete, due largely to the benefits of prohibition, that in an East Side tenement district, St. Bartholomew's Episcopal Church, has, within the past year, taken measures to close its Benevolent Society and Loan Association, which were established to render aid to the needy. The organizations have been in existence for over thirty years.

Professor Thomas Nixon Carter, nationally known economist, and of the faculty of Harvard University, said in a recent interview that the nations that refuse to adopt prohibition and "take this step forward in the economy of human resources—whether they themselves understand it or not—are definitely choosing to occupy a secondary position in the civilized world."

To support a known bad man because he is the nominee of your party is to submit to slavery to a party, and to boast of it is to glory in shame.—Arkansas Methodist.

It is said that 80 per cent of the young thieves of Paris are born of alcoholic parents.

FROM THE PEOPLE

Americanization

"It is time that our nation should take up the question of religious education as one of its most vital problems. We talk a great deal about the Americanization of the foreigner; but one of our great needs is the true Americanization of the school child. Until each boy and girl in our public schools has a clearly defined idea of the great religious ideals which prompted the colonization of this country and brought about the founding of this nation, I do not believe that any program of Americanization will prove adequate to the needs of today. Our nation was

founded by men who were familiar with the Bible. Our national ideals must be safeguarded by men and women who have the same knowledge and are inspired by the same spiritual standards."—D. W. Hough.

I read the article from which the above paragraph was taken some months ago, and I was reminded of

PHILLIPS ICE & COAL CO.
Phone 61

it very forcibly last week when I visited the Sumpter School Library. There are three tables in the library and on each is a Webster's New International Dictionary and a Bible. One of the Bibles is the gift of the Mexia Daily News, the other two were bought so that the readers may have ready access to the Book of Books.

Not only are the Bibles placed in reach of the children, but as part of regular English work the children learn to know the Bibles heroes as men just as they learn of other characters in history. In fact, I noticed in the display shelf the third grade's idea of David and Goliath worked out in modelling clay.

A new course has been put in every grade so that the children are given in their Auditorium Period a regularly outlined course in Bible stories. The stories are told by one teacher so that at the end of the course they will have a definitely connected story of the Bible.

This article is written as a mark of appreciation for the work that is being done.—A Patron of Our School.

BUSINESS MAN'S LETTER HAS SMALL VOCABULARY

(By International News Service.)

CHICAGO, Oct. 29.—Average American business men have a working vocabulary of only 500 words in their every-day business letters, according to Frank E. Hand, Supreme Vice-Chief Ranger of the Independent Order of Foresters, in an address here in which he outlined welfare work in connection with the society's orphanage at Oakville, Ont.

"The chief part of the nation's

French Recipes

(By International News Service.)

BROCHETTES MILANAISES.

PARIS, Oct. 29.—"Brochettes Milanaises," as they are eaten in Paris, make a delicious and substantial Italian dish.

Choose very thin veal escallops. Spread over them a layer of hash composed of raw veal and cooked ham, chopped into small pieces. Season well, and bind with the yolks of two eggs. Roll the escallops, as for "pigs in blankets," and stick through brochettes of wood or metal, putting between a slice of

uncooked ham.

Flour well and let grill slowly in butter for fifteen or twenty minutes.

Serve the brochettes with a tomato sauce apart.

Prayer meeting services will be held tonight in all local Protestant churches. The public is cordially invited to attend.

The men and women who went on the trade tour Tuesday are enthusiastic over the receptions they were accorded wherever they went and also speak with pleasure of the big day of fellowship together. Many proclaim it to have been the

Eczema

OH! The joy of a peaceful, restful night. What a wonderful "up and going" feeling follows such a night of undisturbed slumber.

Oh! What tortures—what agony—what despair—goes with the nights where eczema and other skin diseases hold power and drive away rest and peaceful slumber. For under the cover of darkness these eruptions work their most serious havoc.

S.S.S. is the established conqueror of these annoying skin diseases. S.S.S. drives these ever disturbing elements from your system—elements that carry in their wake—lack of energy—undermining health! You may try in vain to get rid of them by using salves, lotions, washes, all to no purpose. You can't do it that way—the seat of the trouble lies deeper—impure blood trying to throw off poisons through the tender skin.

S.S.S. purifies the blood. It aids Nature in creating new red-blood-cells by the million! Blood-cells that send new rich blood coursing through your system. Red blood that drives away eczema—drives away pimples, blackheads, boils and rheumatism, too. An increase in red-blood-cells means added strength, added vitality and renewed vigor. Because the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. Start taking S.S.S. today and watch it rout that annoying skin destroying, health undermining army that holds your system in its grasp! Learn again what it means to enjoy peaceful, restful nights of slumber.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Legends Of Texas Now Off the Press

AUSTIN, Texas, Oct. 23.—The second edition of Legends of Texas has just come off the University of Texas Press and 1500 copies are ready for distribution, according to Miss Ethel Burch, secretary of the Texas Folk-Lore Society.

Since last May, 1200 copies of this volume, containing legendary tales of the Lone Star State have been sold. Orders have been filled, not only in all parts of Texas, but in practically every State of the Union. Books have also been sent to Canada, Mexico City, Paris, France; Prague, Germany, and Basel, Switzerland.

Legends of Texas is a product of the Texas Folk-Lore Society, which was organized in 1909 in Dallas with a membership of 66. Since its organization, the society has grown until there are now 300 members. Of this number, 135 have been added this year. The University of Texas is headquarters for the society, though the meetings have been held in various places. The general purpose of the society is to collect and preserve the heritage of Texas, the folk-lore, although lore of the whole Southwest, including that of Mexico, is recognized as the field of Texas folk-lore. Any one interested in the general purpose of the society may become a member, according to Miss Burch.

The folk-lore of Texas is varied. In the Legends of Texas are found legends of mines, of hidden treasures, of lovers, of mystery, of flowers, of superstitions. The book may be purchased by writing to the secretary of the Texas Folk-Lore Society at the University of Texas.

J. Frank Debie, editor of the publication, said:

"I must confess a great hope that some man or woman who understands will seize upon these legends and use them as Irving used the legends of the Hudson and the Catskills, as Whittier used the legends of New England."

NOTICE

Through a regrettable error the name of Mrs. W. A. Everett, Ladies' Personality-Wear was left off the published names of those subscribing merchandise to the shower Nov. 8th.

Mrs. Everett is giving a beautiful dress priced at \$2.49 and we take pleasure in making this correction.

Notary Public

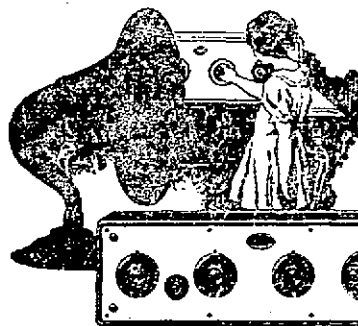

Bedard, a French-Canadian farmer, of Charlesbourg, Quebec County, claims the distinction for his family of having lived longer in one place than any other family in North America. His forebears have held the same farm, without interruption in the succession, since 1629, according to the returns of a questionnaire sent out to parish priests in the province by the Arts, Sciences and Letters Society here. Ismael Bedard, the present owner, has been on the land thirty years. He has a family of grown sons, and the house in which he lives is believed to be the original building erected in 1629.

ATWATER KENT RADIO

THINK OF WHAT IS BACK OF IT

HERE'S WHAT HAPPENS WHEN SHERIFFS DANCE

(By International News Service.)
POMEROY, Ohio, Oct. 29.—In a most unusual manner, Sheriff Wilbur Reeves fractured an arm. While attending a dance, he became very warm. Going out of doors to cool off, the sheriff sat down on a stone wall overlooking the Ohio River. He fainted and fell off.

Harry A. Porter, local chiropractor, made a contribution of \$5.00 this morning to the Trade Show and the Odd Fellows lodge of Mexia gave a like amount, both unsolicited, according to John I. McElroy, President of the Mexia Retail Merchants Association.

INSURANCE THAT PROTECTS

Tuesday's Trade Trip Is Great Success

(Continued from Page One.)

the big day in Mexia on the eighth of November. From Teague the caravan cut through to Kirven where they were met by a large crowd, at each place circulars, papers and souvenirs of every description were distributed, spreading the gospel of the big day in Mexia on the second Saturday in next month.

From Kirven the long line of cars wound its way to Wortham, where the town was covered with the news of the big day in Mexia. About twenty minutes was spent in each town, giving the distributors time to thoroughly cover the city with booster literature and the speaker to spread the good word to all in hearing distance. The band loaded into the back of the big cars at this place so as not to tire the musicians before completing the long trip.

From Wortham the caravan went to Tehuacana, then to Coolidge and finally arrived at Groesbeck shortly after one o'clock where a wonderful dinner awaited the dusty but happy boosters. Arrangements had been made ahead to prepare for the tourists and they enjoyed the dinner prepared at the Brown hotel. Another place in the city prepared another delicious meal for members of the band.

After spending a profitable hour at Groesbeck they started for Thornton about two thirty o'clock. At Thornton after Mr. Patterson had made a very appealing speech with his usual eloquence Mayor Black of Thornton mounted the platform and gave a short talk of welcome to the caravan, which was loudly applauded by all spectators.

From Thornton the tourists went to Kosse, where after a few good selections from the band and a short talk the happy crowd waited to fully cover the town with literature. Shortly after four o'clock the caravan, covering a distance of over a mile, started for home well contented that they had put Mexia favorably on the map in all surrounding territory, and that Tuesday was a day well spent in making a bigger and better Mexia.

It would be difficult to pick the prize winner or the best decorated car, as many clever ideas were used to attract attention, all bearing the invitation to visit Mexia on Saturday November 30th, for the biggest merchandise shower ever held in this section of the state. \$3,500 in cash and merchandise will be given away to the visitors.

POWER OF ATTORNEY MUST BE SECURED SAYS COLLECTOR

James W. Bass, Collector of Internal Revenue for the First District of Texas, states that hereafter that when any agent or attorney calls at his office concerning taxpayers that it will be absolutely necessary that proper Power of Attorney be presented before the case can be discussed. He further states that it is required of him to make a complete record of all cases of this nature. This information will be properly compiled and forwarded to the Commissioner of Internal Revenue, Enrollment and Disbarment Section, every three months.

This information is furnished the public that little delay as possible may be encountered with reference to taxpayers and their accountants.

The Mexia High School Parent Teachers Association will meet at the High School Building at 3:45 Thursday afternoon. All members are urged to be present, as the work of the association for the year demands the fullest cooperation of everyone.

Sam Jackson of Corsicana was a business visitor here Tuesday.

DRINK WATER TO HELP WASH OUT KIDNEY POISON

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them

to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and

stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.
